**FEBRUARY 27, 2015 BY BETH SECOSKY**

## Great Health Documentary — Free for Through March 15th

Have you seen the new documentary, BOUGHT? It's being offered free between now and March 6th.

# BOUGHT

THE TRUTH BEHIND VACCINES, BIG PHARMA & YOUR FOOD

You can find it [here](#). If you don't catch it before March 6th, I encourage you to go for the paid download. It's a great documentary.

Here's an overview:

The food, vaccine, drug, insurance and health industry are a multi-BILLION dollar enterprise... focused more on profits than human lives. The BOUGHT documentary takes viewers deep "inside the guts" of this enterprise...

Featuring exclusive interviews with the world's most acclaimed experts in research, medicine, holistic care and natural health... Bought exposes the hidden (and deadly) story behind it all.

 **AUTISM, ADHD, LEARNING DISABILITIES, AND MORE, REDUCING OR ELIMINATING TOXINS**
